

February 16, 2024.

To whom it may concern,

It is with great pleasure that I write this letter of recommendation in support of Bruno Mingoti's application for the BRAACHEN exchange program. Bruno Mingoti worked with me on one of the projects I coordinated at the CERTI Foundation during his internship in the NEO group at UFSC.

During this period, Bruno Mingoti demonstrated remarkable skills and exceptional commitment to the quality and deadlines of deliverables. His technical abilities in the development of computer vision and artificial intelligence algorithms are noteworthy, and he has shown the capacity to efficiently solve problems and apply this knowledge in practice.

In addition to his technical competencies, Bruno Mingoti possesses personal qualities that make him an outstanding collaborator, demonstrating responsibility, proactivity, communication skills, teamwork, and the ability to synthesize information.

During his time at the CERTI Foundation, Bruno Mingoti demonstrated a commitment to continuous learning. He always sought to improve his skills and was willing to take on additional responsibilities to contribute to the success of the team and the project.

I am confident that Bruno Mingoti will be a valuable member of your team due to his unique combination of technical skills and interpersonal behavior. I appreciate your consideration of Bruno Mingoti's application to the BRAACHEN program.

Please do not hesitate to contact me if you need additional information.

Sincerely,

Alexandre Marcondes.
